By Mark Kurlansky : Cod - A Biography Of The Fish That Changed The World the official website for mark kurlansky born 7 december 1948 in hartford connecticut a highly acclaimed american journalist and writer of general interest non oct 08 2015nbsp;atlantic cod is caught in the northwest atlantic from greenland to north carolina it has been a popular fish for over 1000 years and was part of the Cod - A Biography Of The Fish That Changed The World:

2 of 2 review helpful A great book filled with emotion over the tragedy of the cod industry By paige A great book by Mark Kurlansky that explores the globalization of cod and shows its impact of history This book taught me so much

about this simple fishes influence on the past and current world The book was as informative as it was entertaining This book was by no means boring and I often found myself losing a few hours A loving eulogy not only to a fish but to the people whose lives have been shaped by the habits of the fish and whose way of life is now at an end New York Newsday Unabridged 7 CDs com You probably enjoy eating codfish but reading about them Mark Kurlansky has written a fabulous book well worth your time about a fish that probably has mattered more in human history than any other The cod helped inspire the discovery and exploration
