By John Wilson, Arthur Oglesby, Trevor Housby, Mike Millman, Peter Gathercole : The Complete Book Of Fishing: Tackle \* Techniques \* Species \* Bait the complete book of fly fishing tackle techniques species bait arthur oglesby john wilson et el aj mcclane on amazon free shipping on the complete book of fishing tackle techniques species bait exlibrary books other books ebay The Complete Book Of Fishing: Tackle \* Techniques \* Species \* Bait:

Reel in the secrets of five expert anglers and you're on the way to catching the trophy or record fish of your dreams. Before setting out on the water learn what tackle to buy to improve your catch and which bait will attract fish to your hook from artificial lures to worms. Select your quarry from colorfully illustrated descriptions of the major sporting fish of European and North American waters which each include a brief guide to the tackle techniques and bait. From Library Journal: Superb photographs and illustrations complemented by clear concise text make this book a worthy addition to any public library. Although it is a reprint of a 1997 British edition the descriptions of modern tackle and techniques are still valid.
