**By Chuck Flaherty : Whales of the Northwest: A Guide to Marine Mammals of Oregon, Washington, and British Columbia** killer whales along the coast of british columbia and washington are some of the best studied whales in the world intensive field research in this region has been in we advocate for responsible whale watching and promote companies who are respectful of these cherished marine mammals along with the seas and oceans they inhabit Whales of the Northwest: A Guide to Marine Mammals of Oregon, Washington, and British Columbia:

0 of 0 review helpful I ordered this as new for 15 95 thinking By Cynthia Post I ordered this as new for 15 95 thinking that it would be similar to an Audubon guide There were no number of pages listed so I should have been more careful Instead it is one of those thin locally produced publications a total of 24 pages which should be listed in the 5 00 or less range Book by Flaherty Chuck
