**By Paul Humann : Reef Creature Identification: Florida Caribbean Bahamas** Reef Creature Identification: Florida Caribbean Bahamas:

1 of 1 review helpful Easy identification for those different critters By Denise As a diver I encounter many different critters If I see something weird I take a picture of it When I sit down later to go through all my shots I flip through and find out what it is This is a great addition to my other id books Paul Humann takes wonderful pictures that help make identification easy 0 of 0 review helpful Reef Creature Identification has been significantly expanded in a new 3rd edition The popular user friendly field guide covering all major groups of marine invertebrates has grown to include 900 species beautifully documented with more than 1200 underwater photographs nearly doubling the total in the previous edition Les Wilk has joined Paul Humann and Ned DeLoach authoring the comprehensive new edition Science and art have produced another masterpiece in Paul Humann s Reef Creature Identification Scuba Times April 1992 The perfect gift for your favorite ocean lover the only guide you ll ever need to identify any creature
