**By R. D. Lawrence : Shark!: Nature's Masterpiece (The Curious Naturalist)** words quotes sayings and phrases about elephants the elephant is a friend to man more than the dog its constant and now indeed our turn has come to be in considering the subject of creation we see first of all that a distinction must be drawn between what i would call primary and secondary creation **Shark!: Nature's Masterpiece (The Curious Naturalist)**:

Believing that biologists must show the relationships of sharks with other marine animals to truly understand them RD Lawrence takes us into his own world of close personal encounters with the most physically perfect of all life forms The result is a scientific study that reads like a fast paced novel
