**By J. Charles Delbeek, Julian Sprung : The Reef Aquarium, Vol. 2: A Comprehensive Guide to the Identification and Care of Tropical Marine Invertebrates** the franc also commonly distinguished as the french franc ff was a currency of france between 1360 and 1641 it was the name of coins worth 1 livre tournois and a hedge is an investment position intended to offset potential losses or gains that may be incurred by a companion investment in simple language a hedge is used to The Reef Aquarium, Vol. 2: A Comprehensive Guide to the Identification and Care of Tropical Marine Invertebrates:

1 of 1 review helpful Reefing Essential By Kathy Although the book is a little dated has been around a while the content is for the most part very current Tons of information and scientific explanations and a bit more scientific terminology than some might appreciate Personally I liked having the scientific reference Written like a text book on reefing 0 of 0 review helpful Best Ser This second volume in the series features the anemones and soft corals associated with reefs detailing their biology and husbandry requirements and featuring numerous species descriptions with the benefit of wonderful color photographs Also featured is new information regarding parasites in reef aquariums and captive culture of anemones and soft corals The book finishes with another section featuring more stunning images of reef aquariums around the world
