By Wayne Shang : The Captive Marine Aquarium: A Colorful Photographic Resource for the Aquarist, Special Edition The Captive Marine Aquarium: A Colorful Photographic Resource for the Aquarist, Special Edition:

72 of 73 review helpful Very impressive By SueBee A total of 37 titles in my library on how to keep marine aquarium this one has to be the most impressive by far It is really a no nonsense book The author does not throw you lots of technical information that you might not need Instead this book simply shows how he did it and ties that to over 200 stunning color photographs all taken from his own reef and marine f NATURE HOBBY REFERENCE A collection of over 200 eye opening colorful photographs taken from Wayne Shang 's 700 gallon reef aquarium and his 300 gallon marine fish only aquarium Included with this special edition is a 70 minute DVD Mass Spawning of Tridacna Clams in Captive System containing footage believed to be one of the only few documented mass spawning of

Tridacna clams in home marine aquaria View the large and small angelfish of 10 years There s nothing amateur about the tanks the set ups the organisms the filtration the results of Wayne rsquo s efforts Dr Timothy A Hovanec This book with all its marine beauty and lessons of reefkeeping skills will greatly contri
